Disciplinary Information (Item 3)

We must disclose any legal or disciplinary event that would be material to you when evaluating Mr. Lockwood. We have no such legal or disciplinary history to report to you.

Other Business Activities (Item 4)

Mr. Lockwood is also licensed as a Registered Representative of M Securities, Inc., a broker/dealer. When a broker/dealer client account is established, the Registered Representative may sell variable life insurance, variable annuities and general securities for a commission. Comparable commissionable products sold through the broker/dealer vary in the percentage of compensation paid to the representative based upon the product sold. This presents a conflict of interest because some products pay a higher rate of commission than others, and the Registered Representative may be motivated to sell a product based upon the compensation involved and not based upon the best product for you. We mitigate this conflict of interest by disclosing it here and reviewing the suitability of any such recommendations.

Mr. Lockwood is also associated with an entity by the name of MBL Advisors Inc., an insurance agency and benefit consulting firm. This organization is affiliated with MBL Wealth, LLC. Insurance products and administrative services offered and sold through this entity are not securities-related. Over 140 of such independently owned entities are associated as Member Firms of M Financial, M Holdings Securities, Inc.'s parent company.

Every two years, the cumulative investment advisory fees, commissions from securities-related insurance products and commissions-related to non-securities related insurance products are totaled, and M Financial Member Firms with the highest amount of sales are allowed to choose individual Investment Advisory Representatives/Registered Representatives to attend a complimentary structured educational, professional and vacation program. No incentive exists, related to this program, to offer one product over another as all product sales and investment advisory fees provide equal credit to the potential reward.

Acting in dual capacities (insurance agency and financial advisor) and receiving compensation as such creates a conflict of interest in that Mr. Lockwood could recommend purchasing insurance products based on compensation received rather than on the needs of the client. We manage this conflict of interest by requiring Mr. Lockwood to assure that the issuing insurer reviews the potential sale of any products for the purpose of determining adherence to applicable insurance suitability standards, requiring Mr. Lockwood seek prior approval of any outside employment activity so that we may ensure that any conflicts of interest in such activities are properly disclosed and fully disclosing to a client when a particular transaction will result in the receipt of commissions or other associated fees. Insurance products may be available through other channels and as a client you are not obligated to purchase products recommended by our representatives.

In all cases, we acknowledge our duty to act in the client's best interest.

If your advisor is appropriately licensed, they may conduct sales of insurance products that are not securities-related in addition to providing various professional, technical and administrative functions to help support the independent operation of their Member Firm.

This advisor also engages in the following outside business activities:
